Objective

Motivated MCA graduate with hands-on experience in full-stack web development using React.js, Spring Boot, Java, and MySQL. Seeking an opportunity to apply technical and problem-solving skills in a dynamic organization while contributing to innovative software solutions and growing as a developer.

Technical Skills

- **Languages:** Java, JavaScript, SQL, HTML5, CSS3
- **Frontend:** React.js, Responsive Web Design
- **Backend:** Spring Boot, REST APIs, MVC Architecture
- **Database:** MySQL
- **Developer Tools:** Git, VS Code, IntelliJ IDEA
- **AI Tools:** ChatGPT, Claude, Cursor

Projects

TripEase – Full Stack Travel Planning Web Application

- Developed a full-stack travel planning application for managing trips and destinations.
- Built responsive frontend using React.js with reusable components and React Hooks.
- Implemented backend APIs using Spring Boot following MVC architecture.
- Integrated REST APIs and Axios for seamless frontend-backend communication.
- Used MySQL database for storing user and travel-related data.
- Implemented CRUD operations and admin functionalities with clean UI design.

Weather Forecasting Web Application

- Developed a responsive weather forecasting web application providing real-time weather updates.
- Displayed weather parameters including temperature, humidity, wind speed, and weather conditions.
- Designed a clean and intuitive UI to improve navigation and user experience.
- Implemented LocalStorage to save recently searched cities for enhanced usability.
- Built a fully client-side application for faster performance and simplified architecture.

Education

- **Master of Computer Applications (MCA)** – Babu Banarasi Das University (Expected 2026) | SGPA: 8.82/10
- **Bachelor of Science (B.Sc.)** | CGPA: 7.67/10
- **Class 12th** | 81.20%
- **Class 10th** | 87.33%
